From -

1. The Dir. of H.C.

Letter no E₂ 1141/27.28 S₂ 1.11.28.

Proposes in the circumstances mentioned that the sum of Rs 1500/- placed at the disposal of the 6 weaving demonstrations, at Rs 250/- each, towards the purchase of looms and loom accessories with a view to demonstration and ultimate sale to weavers, may be treated as an imprest available for investment in demonstration appliances, that the amount may be credited to a personal deposit account to be opened in the name of the Supdt of Industries, under whom the weaving demonstrations are at present working, etc; and that provision will have to be made for meeting the cost of the transport of the looms and loom parts, as they are now being sold at the cost price, rather than if the imprest of Rs 250/- drawn last year is treated as working capital. The Annual grant from year to year may be utilised for repairs, wages, and to meet the transport and other charges.

Receipts". As regards the amounts required for purchases, they are to be drawn on Abstract Contingent Bills and subsequently accounted for in Detailed Contingent Bills supported by bills and vouchers. The only inconvenience that is adduced by the Director in following the above regular procedure is the delay apprehended in the drawing of the amount by the Superintendent of Industries on an Abstract Contingent bill which, under the existing arrangement, is to be got countersigned by the Director and preaudited in the Comptroller's Office. This can be easily avoided by authorising the Superintendent of Industries to draw on Abstract Contingent Bills direct from the Treasury without requiring the bills to be countersigned by the Director, the amounts so drawn on Abstract Contingent Bills being subsequently accounted for in Detailed Contingent bills to be promptly submitted by them to the Director for countersignature and transmission to the Audit Office.

3. The Director's proposal to allow the Weaving Demonstrators to retain the sale proceeds with themselves for making further ^{purchases} ~~procedure~~ is against the fundamental principle, according to which all moneys received by every officer of Government should be forthwith paid in full into the Treasury.

5 NOV. 1928
DEVELOPMENT BRANCH

OFFICE OF THE DIRECTOR,

Dated, Bangalore, 1st November 1928.
2nd

FROM

C. RANGANATHA RAO SAHIB, Esq., B.A., B.L.,

Director of Industries and Commerce in Mysore,

Bangalore (India.).

To

N. Rama Rao Esq., B.A., B.L.,
Secretary to the Government of Mysore,
Development Departments,
Bangalore - Camp Mysore.

SIR,

J.C. 180-25-1

-x- R

I have the honour to invite reference to your letter No.D.4677/
I & C. 95-27-4 dated the 4th November 1927 approving of my proposal for
utilising the allotment of Rs.1,500/- in the last year's budget under
"28 I&C. 4 Demonstration and Experimental Works (ii) Weaving" towards
the purchase of Looms and Loom accessories with a view to demonstration
and ultimate sale to weavers. A sum of Rs.1,500/- was accordingly
drawn on an A.C. Bill on the 22nd June 1928 and distributed through the
Textile Assistant at the rate of Rs.250/- to each of the six Demonstra-
tors now working in the District. The question as to how the reali-
sations by sale of looms and loom accessories could be readily made
available to Demonstrators with a view to make the largest possible
use of the allotment placed at their disposal was considered at a
meeting I had with the Weaving Demonstrators on the 13th August 1928.
In your letter referred to above, it was suggested that the receipts
may be credited to the head from which the amount is drawn i. e.
"28 I&C. 4 Demonstration and Experimental Works" as a deduction from
expenditure and that this method would make such receipts available
for operation by the Department in addition to the budget grant.
It was considered at the meeting that a good deal of delay will occur
in drawing money from the Treasury towards payment for fresh looms
required for purposes of demonstration if this procedure is adopted.
It involves the preparation and submission of Abstract Contingent

Contingent bills by the Weaving Demonstrators through the Superintendents of Industries to this office, my countersignature of the bills and the pre-audit of the bills by the Comptroller. As the Demonstrators^h usually at work in the villages, some delay is bound to occur between the date of ^{their} submission of ^{the} bill and the date on which ^{they} can draw the amount from the local Taluk Treasury. It was suggested at the meeting that a sum of Rs.250/- may be treated as working capital and placed at the credit of the Weaving Demonstrators in the Government Savings Bank, in the Taluk where the officer happens to be working. There are, however, obvious objections to allow a sum of Rs.250/- being placed in a savings bank at the sole disposal of each of the Weaving Demonstrators. It is, however, necessary that a more simpler procedure should be adopted than that proposed in your letter above referred to. This will not only involve delay and tend to keep the Demonstration staff inactive at frequent intervals, but will also result in the amount at the credit of the weaving demonstration staff for this purpose lapsing to Government at the end of each official year. I would suggest that the sum at the disposal of each weaving demonstrator may be treated as an imprest available for investment in demonstration appliances. The amount may be credited to a personal deposit account to be opened in the name of the Superintendent of Industries under whom the Weaving Demonstrators are at present working. Receipts by sale of loom accessories in this case would be credited to the Personal Deposit Account in the Treasury as soon as the accessories are sold, and the money may be withdrawn by the issue of a cheque by the Superintendent of Industries when-ever fresh looms and loom parts are required for purposes of demonstration. This method will not only keep the demonstrators fully furnished with all appliances necessary for demonstration but would also make the imprest of Rs.250/- go as far as possible in furtherance of their work. As the Superintendents of Industries are responsible officers of Government, there is no danger that the deposit of Rs.250/- will be improperly utilised. I request therefore that the proposal contained in the letter may kindly be approved.

As the Looms and Loom parts are now being sold at cost price provision will have to be made for meeting the cost of their transport as well as for depreciation and wastage due to demonstration. If the imprest of Rs.250/- drawn last year is treated as working capital, the annual grant from year to year may be utilised for repairs, wastage and to meet transport and other charges.

I request early orders of Government on the proposals contained in this letter.

I have the honour to be,

S i r,

Your most obedient servant,

Ranganatha Rao Sahib
DIRECTOR.

W.O. NO. 476/I.A.D Dated 15.1.29, from
the Comptroller, furnishing his opinion, in
regard to the procedure suggested by the Director.

Order:- MOD 8402-03 of 19.2.29

The Dir reports that the existing practice

of drawing money on A.C. bills, by the Supdt of Industries,

involves great delay, and suggests that the sum of Rs 1500/-

placed at the disposal of the six weaving demonstrations

at Rs 250/- each, ^{for} towards the ^{purchase} of looms & loom accessories,

(^{for the purpose of} demonstration and ultimate sale to weavers)

may be treated as an imprest available for disbursement in

demonstration appliances, that the amount may be credited

to the ~~Treasury~~ a Personal Deposit account to be opened in

the name of the Supdt. of Industries, under whom the Weaving Demonstrations

are at present working, and that ^{the} Receipts ^{of} sale of loom accessories

would be credited to the ^{same} Personal Deposit Account in the Treasury,

as soon as the accessories are sold, and that the money may

be withdrawn by the issue of a cheque by the Supdt. of Industries, ^{List of enclosure.}

whenever fresh looms and loom parts are required for ^{purposes}

of demonstration.

The Comptroller who was un-officially consulted in the

matter, states that the charges incurred on the purchase of looms

and loom accessories are to be debited to the head "Cotton by yarn ^{to} under

2811e-H Demonstration & Experimental Work ^{Examined by}

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

Read:—

Letter No. B₂-1141 / 27-28 dated 1st/2nd November 1928 from the Director of Industries & Commerce stating that the existing procedure of drawing money from Treasuries on A.C. bills by the Superintendent of Industries for the purchase of ^{looms} looms and accessories required for the purpose of weaving demonstration, involves great delay, as the bills have to be countersigned by the Director and preaudited in the Comptroller's office before encashment and suggesting a simple and more expeditious procedure

2. Un-official Note No. 476/ I.A.D. dated 15th January 1929 from the Comptroller, furnishing his opinion, in regard to the procedure suggested by the Director.

..

ORDER NO. D 8403-04 / 116 180-28-2
d Bangalore 19th February 1929.

The Director reports that the existing practice of drawing money on A. C. bills by the Superintendent of Industries involves great delay and suggests that the sum of Rs. 1,500 placed at the disposal of the six weaving demonstrators at Rs. 250 each for the purchase of looms and loom accessories (for the purpose of demonstration and ultimate sale to weavers) may be treated as an imprest available for investment in demonstration appliances that the amount may be credited to a Personal Deposit account to be opened in the name of the Superintendent of Industries, under whom the Weaving Demonstrators are at present working, and that the receipts of sale of loom accessories would be credited to the same account in the Treasury as soon as the accessories are sold, and that money may be withdrawn by the issue of a cheque by the Superintendent of Industries whenever ~~cash~~ ^{looms and} looms and

loom parts are required for purposes of demonstration.

The Comptroller who was un-officially consulted stated that the charges incurred on the purchase of looms and loom accessories are to be debited to the head " Loom yarn &c " under 28 IAC-4 Demonstration and Experimental work (ii) Weaving (Net) " and the realisations from the sale thereof credited to the head " Deduct Receipts " and that the delay apprehended by the Director could be avoided by authorising the Superintendents of Industries to draw on Abstract Contingent Bills direct from the Treasury without requiring the bills to be countersigned by the Director, the amounts so drawn on Abstract Contingent Bills being subsequently accounted for in Detailed Contingent Bills, to be promptly submitted by them to the Director for countersignature and transmission to the Audit Office.

Government are pleased to approve of the course suggested by the Comptroller ^{and} to authorise the Superintendents of Industries to draw money on Abstract Contingent Bills.
